Our Products

Liquid Glucose

High-quality, aqueous solution of nutritive saccharide derived from rice starch hydrolysis.

- Odourless and colourless to light creamish-coloured viscous liquid sweet syrup
- Processed and stored under strict hygienic conditions
- Packing (HDPE Drum) - 300 Kg.

Key Benefits-

- Wide range of applications
- High concentrations of invert sugars
- Anti-crystalline properties
- Lower freezing point
- Stabilizes and increases shelf life of products

Applications-

- Confectionery products
- Soft and hard-boiled sweets
- Fondants and creams
- Jellies and preserves
- Bakery products
- Caramel and toffee
- Pharmaceuticals

Maltodextrin Powder/Glucose Powder

Polysaccharide derived from partial starch hydrolysis, available as a white, spray-dried powder.

- Packing (PP/ Paper bag) - 25 Kg.

Key Characteristics-

- Low dextrose content
- Moderately sweet
- Non-sweetener applications

Applications-

- Food & Beverages: stabilizer, thickener, and texture enhancer
- Pharmaceuticals
- Bakery Products
- Dairy Products
- Nutrition Bars

Gluten/Protein

By-product of manufacturing process

- Packing - 30 Kg.

Key Features-

- High-energy, crude protein-rich feed supplement
- Fine granular powder, rancidity-free and non-toxic
- Highly digestible protein source
- Non-Fermented

Applications-

- Poultry Feed
- Cattle Feed
- Fish Feed

Our Strengths

- In-house EGAL laboratory for continuous product innovation and improvement
- Dedicated team of professionals
- State-of-the-art Research & Development team
- Ground water compliances
- Water and Air Pollution control measures
- Compliant with industry parameters: Industrial air, water, rainwater harvesting and sustainable development
- Commitment to environmental responsibility
- Best Fire safety measures
- ISO certified, FSSAI certifications

Sustainable Development

At EGAL Foods, we prioritize sustainable development to minimize our environmental footprint. Our commitment includes:

- Rainwater harvesting
- Energy-efficient practices
- Waste reduction and management
- Eco-friendly packaging
- Compliance with environmental regulations

Quality Assurance

- Best-in-class laboratory for quality checks
- Experienced team with state-of-the-art equipment
- Adherence to strict protocols
- Backup system to ensure timely delivery
